EDUCATION

Middle East Technical University (METU)

Master of Science in Electrical and Electronics Engineering (GPA: 3.71/4.00)

Thesis: Moving Object Detection with Supervised Learning Methods

Advisor: Prof. Dr. A. Aydın Alatan, Co-Advisor: Dr. Kutalmış Gökalgıncı

Ankara, Turkey

Sep. 2018 – Sep. 2021

Middle East Technical University (METU)

Bachelor of Science in Electrical and Electronics Engineering (GPA: 3.55/4.00)

Rank: 27/386 in the department based on GPA, graduated as a High Honor student

Ankara, Turkey

Sep. 2012 – Jun. 2017

Middle East Technical University (METU)

Double Major in Mathematics (GPA: 3.06/4.00), graduated as an Honor student

Ankara, Turkey

Sep. 2015 – Jun. 2018

WORK EXPERIENCE

METU Center For Image Analysis

Research Assistant

- Academic research about moving object detection
- Fine-tuning, implementing and optimizing a state-of-the-art object detector into a C++ project using TensorRT
- Supervising undergraduate and new graduate students within the center for their projects

Ankara, Turkey

June 2019 – present

ASELSAN

Systems Engineer

- Research, system integration and algorithm design about communication systems
- Creating Keras/Tensorflow projects for various communication applications

Ankara, Turkey

April 2017 – May 2019

ASELSAN

Summer Intern

- Research and development about smart grids and substation automations

Ankara, Turkey

June 2016 – July 2016

VESTEL Electronics

Summer Intern

- Research and development about circuit boards of state-of-the-art televisions

Manisa, Turkey

August 2015

TEACHING EXPERIENCE

Middle East Technical University (METU)

Research and Teaching Assistant

- **EE583 Pattern Recognition:** Preparing and grading homeworks
- **EE230 Probability and Random Variables, EE430 Digital Signal Processing, EE499 Vector Space Methods:** Holding office hours, grading quizzes and homeworks, preparing lecture notes on \LaTeX
- **EE213/214 Electrical/Electronic Circuits Laboratory:** Holding office hours, attending laboratories to supervise undergraduate students, preparing and grading exams, grading student reports

Ankara, Turkey

February 2020 – present

AWARDS AND HONORS

- Full scholarship from TUBITAK (The Scientific and Technological Research Council of Turkey) to cover MSc studies
- Listed in Dean's High Honor list 5 times and Dean's Honor list 3 times in 8 terms during BSc studies in METU
- Transferred to Electrical and Electronics Engineering with the quota which is offered by institute to the honored students during BSc studies in METU
- **Best Paper Award:** CVPR 2020 Workshops, 1st Anti-UAV Workshop & Challenge

PUBLICATIONS

1. **A. Köksal**, Ö. Tuzcuoğlu, K. G. İnce, Y. Ataseven, A. A. Alatan, "Improved hard example mining approach for single shot object detectors.", IEEE International Conference on Image Processing (ICIP), 2022. **(submitted)** arxiv preprint: 2202.13080

EXTRACURRICULAR WORK EXPERIENCE

Radio ÖDTÜ (METU)

Music Editor and DJ

Ankara, Turkey

November 2012 – September 2016

- Responsible for scheduling songs daily and creating Top 40 list weekly

SKILLS

Languages: Turkish (native)

English (fluent - TOEFL iBT: 99/120)

Programming Languages: C, C++, Python (with PyTorch, Tensorflow, OpenCV libraries), MATLAB, Bash

OS: MacOS, Ubuntu, Windows

Programs: MS Office, Adobe Audition, Adobe Premiere, Anaconda, PyCharm, \LaTeX

Communication: Participated as a presenter in a couple of events which were conducted by the presidency of the university during student life.

Prepared on March 2, 2022.
